

EXCEPTIONAL JOURNEYS IN MOROCCO

SECRET GARDENS OF NORTHERN MOROCCO

UMBERTO PASTI'S BOTANICAL EDENS - TANGIER & ROHUNA

A BOTANICAL SANCTUARY BETWEEN SKY AND EARTH

Step into the fascinating world of Umberto Pasti, the celebrated Italian writer and botanist who has devoted his life to safeguarding Morocco's wild flora. Nestled in an unspoilt valley overlooking the Atlantic Ocean, the Garden of Rohuna is far more than a garden: it is a living work of art, a poetic and ecological conservatory unlike any other.

For more than twenty years, with the help of local villagers, Umberto Pasti has collected and replanted thousands of bulbous plants threatened by urban development and road building. Alongside them flourish hundreds of rare species, wild lilies, irises and unusual trees, creating a landscape mosaic of remarkable beauty.
